General Burial Information

New Burial Interment Rights

Interment Rights for new burial positions are issued for a minimum of 50 years, with the option for longer terms and perpetuity (forever).

It is essential to arrange an appointment to select a new burial position. Contact Centennial Park on 08 8276 6011 to arrange an appointment. Burial positions vary, if irrigation, shade and seating are important, please advise your memorial consultant.

As there are specific monumental requirements in particular areas, it is important that these are understood before purchasing a position at Centennial Park.

A Plain English Statement (CCASA Form) must be completed by the proposed Interment Right Holder for all new burial interment rights before a burial can occur.

Repositioning Existing Burials

An interment right holder can request for existing burials to be repositioned to a lower level, a Lift and Deepen Procedure, as referred to in the Burial and Cremation Act 2013 (SA). This can occur when:

- Earlier interments do not allow for further burials and at least three years have elapsed since the most recent burial.
- If there are three interments in a grave, repositioning for further burials is permitted if at least 40 years has elapsed since the most recent burial and the Interment Right for the grave is held in perpetuity.

Preloved Burial

A Preloved Classic is a position that has been reclaimed by Centennial Park. Existing interments are placed in an ossuary box at a lower level to allow for new interment(s).

Additional Tenure

Anyone is able to renew or add years (tenure) to an Interment Right, with a minimum of five (5) years to renew or extend.

Perpetuity (forever)

A perpetual Interment Right ensures a burial or ashes memorial will remain forever, with no need for future generations to renew. You can convert to perpetuity at any time, call our team on 08 8276 6011 for a quote.

Interment Right Holder

Rights and responsibilities are defined in the Plain English Statement Form. The family must decide who will be the Interment Right Holder, as only the Interment Right Holder can authorise interments and monumental work (headstones, inscriptions, plaques, etc) at the position.

Transfer of Interment Right Declaration Form

A Transfer of an Interment Right is only permitted with the approval of Centennial Park.

A Transfer of Interment Right Declaration form must be submitted to Centennial Park before a transfer can occur.

A Transfer of Interment Right Declaration form must be completed before the re-opening of a grave for an additional burial, where the Interment Right Holder is deceased.
