

Living Legacy Forever Flowers

A sustainable way to remember, reflect and regrow.

At Centennial Park, we believe in creating meaningful, lasting connections with the people we love and the world we live in. Leading the way in South Australia, we've partnered exclusively with Living Legacy to bring you a unique, environmentally conscious memorial option.

As part of our commitment to sustainability, Living Legacy Forever Flowers transforms ashes into living memorials. Through a scientifically proven process, ashes are detoxified and converted into micronutrients that strengthen and nourish vibrant flowers and plants in our beautifully landscaped Forever Flowers Garden.

This gentle return to the earth creates a living memorial, one that blossoms with every season, enriching the landscape and giving back to nature. It is a peaceful space where families and friends can gather, reflect, and reconnect, knowing their loved one's memory helps the environment thrive, forever connecting them to nature.

More than a place of remembrance, it's a celebration of life, renewal and legacy.

Reflect. Reconnect. Regrow.

"By becoming part of the Living Legacy Forever Flowers Garden your life goes on to create a positive touchpoint that connects loved ones to the beauty your life created."

Warren Robert
