A place to visit and remember

2026-2027

Springbank
West

A meaningful place to return to.

A memorial offers families a physical place to visit, reflect and remember, a place that holds meaning beyond words. It becomes an anchor point, connecting past, present and future through memory, story and love.

Set within our peaceful memorial gardens, these spaces provide a sense of calm, beauty and belonging. They invite quiet moments of reflection, shared remembrance and gentle reconnection, whether visiting alone or with others who carry shared memories.

Memorials are not only about honouring a life, they are for those who continue to live on, offering comfort, continuity and a place to return to over time, seasons and generations.

Our Memorial Consultants are here to guide you with care and clarity, helping you understand your options and choose a memorial that feels right for you and your loved one.

Appointments are essential. Please call 08 8276 6011 or email memorial@centpark.org.au to arrange a time to meet.

Ashes Placement Ceremony

Witness the placement of your loved one's ashes in their final resting place

An Ashes Placement Ceremony provides families with the opportunity to witness the placement of their loved one's ashes in their chosen memorial position, marking this moment with care, dignity and meaning.

A dedicated member of our team will be present on the day to gently guide and support you through the ceremony. Families may choose to place the ashes themselves, or have our team member do so on their behalf, whatever feels right for you.

The ceremony can be personalised to reflect the individuality of your loved one. This may include inviting a priest, minister or civil celebrant, playing a favourite piece of music, reading a poem, or sharing a quiet toast together.

In preparation, the memorial position will be carefully readied and plaque placed ahead of your arrival. On the day, our team member will meet you at the memorial location at the arranged time.

Following the placement, you may also choose to gather with family and friends in our Function Rooms or reserve a table at Wildflowers Café, with assistance from your Memorial Consultant.

Bookings are essential and can be arranged through your Memorial Consultant.

Witness of Cremation Commencement

Accompany your loved one on their final journey

General Ashes Memorial Information

New Ashes Memorial Interment Rights

New ashes memorial Interment Rights are issued for a minimum term of 30 years, with options to extend for longer periods or choose perpetuity (forever).

We encourage families to speak with us and arrange a personal appointment at Centennial Park, where you can explore the full range of ashes and burial memorial options. This allows us to help you find a space that feels right for you and your loved one.

Please note, ashes may also be interred in selected burial positions within Centennial Park.

Memorial Gardens & Burial Areas

All memorial gardens at Centennial Park are irrigated; however, not all burial areas receive irrigation. Speaking with our team will help you understand the differences and choose the most suitable option for your needs.

Some memorial and burial areas have specific requirements for monuments such as plaques or headstones. Before any new ashes interment can take place, a Plain English Statement (CCASA Form) must be completed by the proposed Interment Right Holder.

Interment Right Holder

The Interment Right Holder holds the legal authority for the memorial position. Their rights and responsibilities are outlined in the Plain English Statement Form.

Only the Interment Right Holder can authorise interments and approve monuments, inscriptions and plaques.

Families are encouraged to carefully consider who will hold this role.

Transfer of Interment Right

If the Interment Right Holder has passed away, a Transfer of Interment Right Declaration Form must be completed before a burial or ashes memorial position can be reopened for an additional interment.

All transfers are subject to approval by Centennial Park.

Additional Tenure

Interment Rights can be extended at any time, with a minimum extension period of five (5) years.

Perpetuity (Forever)

Choosing a perpetual Interment Right ensures a burial or ashes memorial is protected forever, removing the need for future generations to renew tenure.

Plaques

Centennial Park arranges, supplies and installs plaques across our memorial gardens, available in bronze or granite.

Your Memorial Consultant will work with you to create a plaque proof that truly reflects your loved one's life and personality. This can be done during a visit to Centennial Park or from the comfort of your home.

Plaque type, size and material vary by memorial garden and are individually priced.
